Know the expected cost of your care

If you are uninsured or are not using health coverage to pay for care, you have the right to a written Good Faith Estimate of the total expected charges for health care items and services. You may request one before scheduling.

When you will receive your estimate

For appointments scheduled 3-9 business days ahead, the estimate is due within 1 business day after scheduling. For appointments scheduled at least 10 business days ahead, it is due within 3 business days after scheduling. If you request an estimate before scheduling, it is due within 3 business days of your request.

If your bill is higher than expected

You may dispute a bill from a provider or facility that is at least $400 above that provider's or facility's Good Faith Estimate. Keep a copy of your estimate for your records.
